MINUTES OF DISSENT

I

According to the proposal of the Delimitation Commission, Chamarajanagar Taluk in Mysore District is divided into two single member constituencies. This, in my opinion, is neither fair nor reasonable. Chamarajanagar is far removed from T. Narsipur double member constituency than Nanjangud in respect of geographical proximity. Chamarajanagar contains not only an equally large percentage of Harijan population, but also a good number of tribal people which Nanjangud does not possess. Moreover villages of Special Ummathur Hobli are spread out all over Chamarajanagar Taluk. This makes the division of the Taluk into two constituencies very difficult. But in Nanjangud the formation of two single member constituencies is comparatively easy and simple. And moreover, there is no special or extraordinary reason why Nanjangud Taluk should be made a double member constituency. By transferring the reservation seat from Nanjangud Taluk we will not only be satisfying the public feeling of Chamarajanagar Taluk but also we will be doing in the circumstances what is right and reasonable.

2. The formation of double member constituencies should primarily depend upon the great proportion of Harijan population in that constituency. Geographical contiguity and other matters are only secondary. Viewed from this point of view some of the double member constituencies now formed have to be readjusted. The Delimitation Commission should go into this question once again.

3. One circle in Chikkaarasinakere Hobli in Malawalli Constituency may be easily shifted to neighbouring constituency. This will make the constituency more compact and rational and it will not in any way upset the statutory minimum required for a double member constituency.

M. S. GURUPADASWAMY, M.P.,

Associate Member.

II

It was sufficiently discussed in the meeting of the Delimitation Commission held at Bangalore from 22nd to 24th October regarding the Delimitation of Assembly constituencies of Mandya district from serial numbers 22 to 29 both inclusive, the Commission was pleased to accept my alternative proposals in respect of Assembly constituencies. But I found in the draft proposals which are sent subsequent to the last meeting some changes which were not discussed in the meeting. Though the changes may look minor for the commission they are very serious for the local public and they may lead to unhappy and unhealthy competitions during the election and it may effect the peace of the constituencies also. I have contacted and discussed about my alternative proposals with leaders of the respective constituencies and they have welcomed it with pleasure. The draft proposals may look sound by seeing the map but at the same the local conditions cannot be ignored. I have my alternative proposals which will not disturb the revenue divisions to a greater extent and which are acceptable to the public also. I pray the Commission would be pleased to reconsider my proposals before the publication of the final orders.

2. Regarding the Assembly Constituency numbers 35 and 36, it is better to club them and make it a double member constituency reserving one seat for the scheduled castes. As the Assembly constituency numbers 34 and 38 are adjacent to each other it is not desirable to concentrate the reserved seats in the areas which are very close to each other. The constituency No. 38 had a chance in the previous election. The Constituency Nos. 35 and 36 (Chamarajanagar Taluk) which is the remote part of the State and which has the same percentage of the scheduled caste population deserves in all respects to be a double member constituency. Therefore the scheduled caste seat may be shifted from Nanjangud Taluk to Chamarajanagar Taluk. Nanjangud Taluk in view of the special Ummathur Hobli being scattered into two different groups is not so easy to divide into two single member constituencies.

3. Regarding constituencies Nos. 47 and 48 (Assembly) it was agreed in the meeting that Gandasi, Arsikere Kasaba and Bendekere circle in Banavar Hobli with a population of 80,996 will form one Assembly constituency. Kanakatte, Banavar,

excluding Bendekere circle Javagal Hoblies in Arsikere Taluk and Halebid hobli in Belur Taluk with a population of 76,915 will form one Assembly constituency. I found in the draft proposals that Gandasi hobli in the constituency No. 47 which is named as Halebid constituency. As I have already pointed out in the meeting between Gandasi and Halebid hoblies there is a natural barrier of mountain ranges which cuts the communication between two hoblies. It will be very difficult for a candidate of Halebid constituency to come and canvass in Gandasi hobli which is cut off by mountain ranges and no road is shown in the map also. In order to avoid this difficulty it is desirable to club Gandasi hobli along with Arsikere Kasaba hobli as suggested by me in the meeting. The alternative proposal will not destroy the configuration of the constituencies and does not upset the revenue divisions.

Generally the scheduled caste candidate will be backward economically also. If the population and the area are reduced he can cut down his expenditure accordingly. This is suggested only with a view to help the scheduled caste candidate in the light of the experience of previous election. Draft proposals relating to the distribution of 13 seats to the Mysore State in the House of the People and 117 seats allotted to the Legislative Assembly of the State to hand. On perusal I am compelled to make comment specially on your proposal of reserving a seat in Bagepalli constituency of Kolar District regarding allotment of Legislative Assembly seats. And further I desire to place before the Commission some suggestions apart from the one I have already made for their consideration and also for the consideration in the meeting that is arranged to be held on 30th November, 1953.

During our discussions in the last meeting the reservation of a seat for the Scheduled Castes was not to make in a contiguous area. This was pointed out by Sri P. K. Kaul, one of the members of the Commission. In connection with this he read out the provision of the Act in favour of this. All this discussion came before the members when it was suggested by an Associate Member to reserve a seat in Bangalore District when we were distributing seats for the House of the People as we had already made a reservation in Kolar District which is contiguous to Bangalore District. If we bear this in mind it was surprise for me to note that both Mulabagal and Bagepalli constituencies are made double-member constituencies though they are contiguous. Here the Commission please bear with me have gone against the spirit of the provision of the Act. This can be avoided if you kindly agree with my proposals suggested in the meeting on the 23rd October, 1953. In that light I request the Commission to take up my proposals in the next meeting and to give due consideration for them. In my proposals the basis on which I have stated in distributing these Legislative Assembly seats is on the principle that as far as possible to keep the administrative unit in tact and also on the principle of not reserving a seat in contiguous area and as well on the principle that the constituency so created must be a compact one. Now if you agree to my proposals suggested at the meeting on the 23rd October, 1953, you will be fulfilling all these principles. I, therefore, once again request you kindly to consider my proposals.

I propose that Robertsonpet Hobli in Bangarpet Taluk and as many villages of that Hobli as are in the K. G. F. Sanitary Board area is entirely to be included in the K. G. F. constituency.
